Fulgurex News

◆ *Our Latest News.*

In 1950, Count Antonio Giansanti-Coluzzi and Henry Baud embarked on their first visit to the Nuremberg Toy Fair.

Dear enthusiasts and friends of the brand, we're delighted to reconnect with you through this special edition of our newsletter!

Since June 1st, all our efforts have been devoted to the relaunch of the brand, as well as to the transfer of our operations from Lausanne to our new office in Rolle, Switzerland.

This transition coincided with the delivery of our latest project – the 1-131 TB EST/SNCF steam locomotive (HO scale) – which reached its owners over the summer. The SNCF versions are now sold out (except item 2286/4), while a few EST versions remain available.

In this newsletter, you will find:

New projects, fairs, exhibitions, and much more !
